ROSWELL INDEPENDENT SCHOOL DISTRICT

ATHLETIC PARTICIPATION AND PHYSICAL EXAM FORMS

School Year 2021-2022

Student:	 	 		
School:	 		-	
Grade:				

Packet includes: (All 9 parts must be completed prior to participation)

- 1. Basic Eligibility Standards and Requirements
- 2. NMAA Concussion Fact Sheer
 - a. Parents and Athletes must review and understand risks
 - b. Parents and Athletes must sign and return signature page with packet to school
- 3. NMAA Consent to Treat Form
- 4. RISD Drug and Alcohol Policy
 - a. Parents and Athletes must read, understand and sign policy
- 5. RISD Drug and Alcohol Testing Consent Form
- 6. Athlete Information Sheet
 - a. Parent must fill out and sign.
- 7. Medical Exam Form (Physical)
 - a. PARENTS: This physical may be done by your child's Primary Care Provider or at the School Based Health Center (phone number 575-627-2808)
- 8. Medical Clearance Form
 - a. To be filled out by physician
- 9. Health Information & Emergency Authorization Form (English and Spanish)
 - a. Form Stays with School Nurse

To make appointment at the School Based Health Center call 575-627-2808

Physical exams completed April 1, 2021 - May 31, 2022 are valid for the entire 2021 - 2022 school year

(Per NMAA Eligibility By-Laws 6.15)

Roswell Independent School District Athletics/Activities Office

300 North Kentucky Roswell, NM 88201

Phone: 575-627-2514

HIGH SCHOOL ELIGIBILITY REQUIREMENTS BASIC ELIGIBILITY STANDARDS

According to New Mexico Activities Association rules you are eligible if you meet each of the following standards:

YOU ARE NOT ELIGIBLE IF EACH OF THE POINTS BELOW ARE NOT MET.

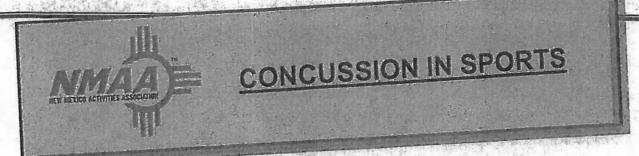

- 1. Your parents have signed the parent's consent form stating there are no objections to your participating in athletic contests.
- 2. You have filed a form with the school indicating you have passed a current physical examination.
- 3. You are a regularly enrolled student in the 9th, 10th, 11th or 12th grade.
- 4. You have attended high school, grades 9-12, less than eight (8) semesters.
- 5. You do not become nineteen (19) years of age before September 1.
- 6. You passed at least five (5) subjects last grading period, had a 2.0 0PA, and did not fail any classes.
- 7. You are an amateur that has never received directly, or indirectly, pay or f inancial benef it f or participating in any athletic contest, never signed a contract, or competed under a f alse name.
- 8. You have not transferred to or from a private, parochial, or boarding school within 180 school days or 365 calendar days. Always check with your principal before you transfer to determine whether it will affect your eligibility.
- 9. You have not participated as an individual or as a member of a team other than your school team during the school athletic season without the permission of your principal.
- 10. You and your parents have a bona f ide residence in the school district (attendance area) where you are attending school.
- 11. You have not accepted any cash or merchandise awards. All awards received must be symbolic in nature with no intrinsic value.

MIDDLE SCHOOL ELIGIBILITY REQUIREMENTS BASIC ELIGIBILITY STANDARDS

According to New Mexico Activities Association rules you are eligible if you meet each of the following standards:

YOU ARE NOT ELIGIBLE IF EACH OF THE POINTS BELOW ARE NOT MET.

- 1. Your parents have signed the parents' consent form stating there are no objections to your participating in athletic contests.
- 2. You have filed a form with the school indicating you have passed a current physical examination.
- 3. You are a regularly enrolled student in the 7th or 8th grade.
- 4. You have attended middle school, grades 7 & 8, less than f our (4) semesters.
- 5. You do not become f if teen (15) years of age bef ore September 1.
- 6. You have not participated in more than two (2) seasons including the current season, in any sport during grades 7 and 8.
- 7. You passed at least four (4) subjects last grading period, had a 2.0 0PA, and did not fail any classes.
- 8. You are an amateur that has never received directly or indirectly pay or f inancial benefit f or participating in any athletic contest, never signed a contract, or competed under a f alse name.
- 9. You have not transferred to or from a private, parochial, or boarding school within 90 days. Always check with your principal before you transfer to determine whether it will affect your eligibility.
- 10. You have not participated as an individual or as a member of a team other than your school team during the school athletic season without the permission of your principal.
- 11. You and your parents have a bona f ide residence in the school district (attendance area) where you are attending school.
- 12. You have not accepted any cash or merchandise awards. All awards received must be symbolic in nature with no intrinsic value.

A Fact Sheet for Athletes and Parents

WHAT IS A CONCUSSION?

A concussion is an injury that changes how the cells in the brain normally work. A concussion is caused by a blow to the head or body that causes the brain to move rapidly inside the skull. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious. Concussions can also result from a fall or from players colliding with each other or with obstacles, such as a goalpost.

WHAT ARE THE SIGNS AND SYMPTOMS OF A CONCUSSION?

Observed by the Athlete

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Bothered by light
- Bothered by noise
- Feeling sluggish, hazy, foggy, or groggy
- Difficulty paying attention
- Memory problems
- Confusion
- Does not "feel right"

Observed by the Parent / Guardian

- Is confused about assignment or position
- Forgets an instruction
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows behavior or personality changes
- · Can't recall events after hit or fall
- Appears dazed or stunned

WHAT TO DO IF SIGNS/SYMPTOMS OF A CONCUSSION ARE

Athlete

- TELL YOUR COACH IMMEDIATELY!
- Inform Parents
- Seek Medical Attention
- Give Yourself Time to Recover

Parent / Guardian

- Seek Medical Attention
- Keep Your Child Out of Play
- Discuss Plan to Return with the Coach

It's better to miss one game than the whole season.

Give yourself time to get better. If you have had a concussion, your brain needs time to heal. While your brain is still healing, you are much more likely to have a second concussion. Second or later concussions can cause damage to your brain. It is important to rest until you get approval from a doctor or health care professional to return to play.

RETURN TO PLAY GUIDELINES UNDER SB38

- 1. Remove immediately from activity when signs/synditions are present,
- 2. Must not return to full activity prior to a minimum of 240 hours (10 days).
- 3. Release from medical professional required for return.
- 4. Follow school district's return to play quidelines.
- 5. Coaches continue to monitor for signs/symptoms once athletes return to activity.

Students need cognitive rest from the classroom, texting, cell phones, etc.

CONSENT TO TREAT FORM

Parental consent for minor athletes is generally required for sports medicine services, defined as services including, but not limited to, evaluation, diagnosis, first aid and emergency care, stabilization, treatment, rehabilitation and referral of injuries and illnesses, along with decisions on return to play afterinjury or illness. Occasionally, those minor athletes requires ports medicine services before, during and after their participation in sport-related activities, and under circumstances in which a parent or legal guardian is not immediately available to provide consent pertaining to the specific condition affecting the athlete. In such instances, it may be imperative to the health and safety of those athletes that sports medicine services necessary to prevent harm be provided immediately, and not be withheld or delayed because of problems obtaining consent of a parent/guardian.

harm be provided immediately, and not be withheld or delayed because of problems obtaining consent of a parent/guardian. Roswell Independent School Accordingly, as a member of the New Mexico Activities Association (NMAA), District (name of school or district) requires as a pre-condition of participation in interscholastic activities, that a parent/guardian provide written consent to the rendering of necessary sports medicine services to their minor athlete by a qualified medical provider (QMP) employed or otherwise designated by the school/district/NMAA, to the extent the QMP deems necessary to prevent harm to the student/athlete. It is understood that a QMP may be an athletic trainer, medical/osteopathic physician, physician assistant or nurse practitioner licensed by the state of New Mexico (or the state in which the student/athlete is located at the time the injury/illness occurs), and who is acting in accordance with the scope of practice under their designated state license and any other requirement imposed by New Mexico law. In emergency situations, the QMP may also be a certified paramedic or emergency medical technician, but only for the purpose of providing emergency care and transport as designated by state regulation and standing protocols, and not for the purpose of making decisions about return to play. PLEASE PRINT LEGIBLY OR TYPE the undersigned, am the parent/legal guardian of, Mesa Middle School-Roswell, NM _____a minor and student-athlete at__ (name of school or district) who intends to participate in interscholastic sports and/or activities. I understand that the school/district/NMAA may employ or designate QMP's (as defined above) to provide sports medicine services (as also defined above) to the school's interscholastic athletes before, during or after sport-related activities, and that on certain occasions there are sport-related activities conducted away from the school/district facilities during which other QMP's are responsible for providing such sports medicine services. I hereby give consent to any such QMP to provide any such sports medicine services to the above-named minor. The QMP may make decisions on return to play in accordance with the defined scope of practice under the designated state license, except as otherwise limited by New Mexico law. I also understand that documentation pertaining to any sports medicine services provided to the above-named minor, may be maintained by the QMP. I hereby authorize the QMP who provides such services to the above-named minor to disclose such information about the athlete's injury/illness, assessment, condition, treatment, rehabilitation and return to play status to those who, in the professional judgment of the QMP, are required to have such information in order to assure optimum treatment for and recovery from the injury/illness, and to protect the health and safety of the minor. I understand such disclosures may be made to above-named minor's coaches, athletic director, school nurse, any classroom teacher required to provide academic accommodation to assure the student-athlete's recovery and safe return to activity, and any treating QMP. If the parent believes that the minor is in need of further treatment or rehabilitation services for the injury/illness, the minor may be treated by the physician or provider of his/her choice. I understand, however, that all decisions regarding same day return to activity following injury/illness shall be made by the QMP employed/designated by the school/district/NMAA." Signature:

DRUG AND ALCOHOL PROCEDURE

Athletic and Activities

The Board recognizes the critical importance of its educational mission to promote academic achievement and a safe and secure environment at all campuses in the District.

The sale, distribution, transportation, use of, or possession of alcohol or any type of drug or medication considered illegal or which there is no valid prescription, by any student, participating in extra-curricular activities sponsored by the Roswell Independent School District will result in the suspension from said activities. A student involved in extracurricular activities may not use or have possession of drugs or alcohol (actual or constructive) at any time. The term constructive is defined as being in the company of or any person who is in the sale, distribution, transportation, use of, or possession of alcohol or illegal drugs.

The Board has a strong commitment to the health, safety and welfare of its students. The Board has developed a random drug and alcohol testing program as a reasonably effective means of addressing the District's legitimate concerns in preventing and deterring drug and alcohol use.

Drug and alcohol abuse is one of the most serious problems confronting our society today. Results of studies throughout the United States indicate that education alone, as a preventive measure, is not effective in combating substance abuse. Our commitment to maintaining school-sponsored activities in the District in a safe and secure educational environment requires a clear policy and supportive programs that reasonably relate to prevention and deterrence of substance abuse by students involved in a school-sponsored extracurricular activity.

Based upon careful and extensive research, the Board believes a random drug and alcohol testing program is in the best interest of the District's students for at least the following reasons:

- Use of illegal drugs in a school-sponsored extracurricular activity by students poses a threat to the student's health and safety, as well as to other students.
- To provide students with a legitimate reason to refuse to use illegal drugs and undermine the effects of peer pressure.
- To educate, help, and direct students away from drug and alcohol abuse and toward a healthy and drug-free lifestyle.
- To encourage students who use drugs to seek help by participating in drug treatment programs.
- To ensure that students involved in extracurricular activities set an appropriate example for their fellow students for whom they are often role models.

Participation in a school-sponsored extracurricular activity is a privilege, not a right. This policy applies to all District students in grades seven (7) through twelve (12) who desire to participate in a school-sponsored extracurricular activity at the high school level.

For purposes of this policy, activity shall include any extracurricular activity, but not be limited to:

- Any school-sponsored athletic activity; or
- Any school-sponsored club; or
- Any school-sponsored organization such as yearbook, newspaper, student government, drama, music, honor society, or any other organization of a similar nature.

For purposes of this policy, drugs shall include, but not be limited to:

- All controlled substances prohibited by law.
- All alcoholic beverages.
- All performance enhancing substances, including but not limited to, anabolic steroids.
- Any prescription or over-the-counter drug, except those for which permission to use in school has been granted pursuant to Board policy.
- Hallucinogenic substances.
- Inhalants.

This random drug testing program is not considered a punitive disciplinary action or considered to imply a violation of the student discipline policies and/or regulations. It is designed to create a safe, drug free environment for students and to assist students in getting help when needed. No student shall be penalized academically, expelled or suspended from school as a result of any verified "positive" test, however, a student will be removed from the activity or position in accordance with Policy. Removal of Students from School-Sponsored Activities.

This random drug testing program does not affect the current policies, practices, or rights of the District pertinent to drug possession or use, where reasonable suspicion is obtained by means other than drug testing through this policy. The District reserves the right to test any student who at any time exhibits cause for reasonable suspicion of drug usage.

Any student involved in an activity whose test is verified "positive" will be subject to the following consequences:

• First violation:

- o The student will be suspended from participation in all extracurricular activities for forty-five (45) consecutive school days beginning from the date following the day of verification of a positive test a substantiated violation. The student will not be allowed to attend or participate in practices during this time.
- o The student will be required to fulfill the requirements of his/her class schedule including participation in any classes during the suspension period.
- If the student is an underclassman the suspension will carry over into the next school year if not completed in the current school year.

• Second violation:

- The student will be suspended from participating in all extracurricular activities for ninety (90) consecutive school days. The term-will be reduced to forty-five (45) consecutive school days if the student completes a drug education program at the expense of the student or his/her parent/guardian. The student will not be allowed to attend or participate in practices during this time
- o The student will be required to fulfill the requirements of his/her class schedule including participation in any classes during the suspension period.

• Third and subsequent violations:

- o The student will be suspended from participating in all programs of extracurricular activities for one hundred eighty (180) consecutive school days. The student will not be allowed to attend or participate in practices during this time.
- The student will be required to attend a drug education program at the expense of the student or his/her parent/guardian as a condition of any further participation in school extracurricular activities.
- The student will be required to fulfill the requirements of his/her class schedule including participation in any classes during the suspension period.

If the penalty period for any violation is not fulfilled during the season or competition period in which the violation occurred, the remainder of the penalty will be applied to the next extracurricular season or competition period in which the student participates.

Removal from an activity or position is not considered a disciplinary action nor does it imply a violation of the student discipline policies and/or regulations. The principal will follow Policy before removing a student from an activity or position.

STUDENT PLEDGE

Signature of Parent:

I understand the Roswell Independent School District's Athletic and Activity Drug Policy and the consequences if violated.

I pledge:

I will not use, or have in my possession, alcohol, drugs or any controlled substance.
 I will encourage my teammates/classmates to live up to the no-use pledge.

Signature of Student:
I will enforce the Roswell Independent School District's Drug/Alcohol policy. I also pledge to inform and, when appropriate, counsel the students concerning the use of alcohol/drugs and consequences.
Signature of Sponsor/Coach:
I understand the Roswell Independent School District's Alcohol/Drug Policy and will encourage my son/daughter in their alcohol/drug no-use pledge.
